Summary:

I am Hariharaan, at penultimate year in St. Joseph's College of Engineering with CGPA(as now) 9.28. I'm passionate in becoming a Full Stack Developer and did a handpick amount of projects. I, member of "Unique Coders", am a Finalist in Smart India Hackathon held at 2022. I have completed training for internship at Adverk Technologies in the domain Front-end Development. As an add-on, I have completed intern training at CodeBind Technologies in the domain web development and learned the basics of PHP. I did E-Commerce Website project as a part of intern. I have completed intern training in NSIC in Android Development. I am also passionate in learning Machine Learning and I have joined as intern trainee at Teachnook in Machine Learning.

Experience

May 2023
NSIC - Technical Services Centre
Android Application Developer Intern

It was a great experience in creating my own android application using Java with Android Studio.

May 2023
CodeBind Technologies
Web Developer Intern

- I was delighted to see the way the Mentors taught the concepts of Server-side scripting language - PHP.
- As a part of Intern, I have completed a project on E-Commerce Website with the database connection

Jan 2023 - Feb 2023
Adverk Technologies
Web Developer Intern using Angular

- Had a great Experience with the team and Mentor was so delight to help me where I got stuck.
- As a part of Intern , I have developed a simple Login page and Company portal using Angular

Accomplishments:

- Participated in Natinal Level Online Hackathon on Sustainable Energy
- Finalist in Smart India Hackathon 2022
- Finalist in CyberX Hackathon conducted by Greater Chennai Police in collaboration with VIT Chennai.
-

Certifications:
